

|EQUALITY|AT|CONSILAB|

At consilab, we hold ourselves to a standard that ensures no one is discriminated against or harassed because of their ethnic origin, gender, sexual identity or orientation, religion or beliefs, disability or chronic illness, or age.

- This applies equally to all employees (including management), as well as to customers and suppliers.
- Each individual must ensure they do not disadvantage or harass others with respect to the above-mentioned characteristics.
- We must all work together to prevent discriminatory conditions before they can occur.
